"Joining Bloom of Youth internship program outstands myself from other candidates in job hunting. I have had a graduate offer already. So overseas internship is definitely a MUST during university life!"

Yuki Wong

"I interned in Hilton group in the Bloom of Youth internship program and I am offered a graduate job by my internship employer, and I took this amazing opportunity! I am going to start my full-time job in Bahrain, Middle East after I finished my internship. I have always wanted to try to work overseas. This internship gives me this valuable opportunity that I did not imagine before."

"My English improves a lot in a native English environment. I learnt more of the accent, local phrases, different speaking and writing styles as a local. This experience could not be replaced by a local internship."

Amman To

"Through the internship, I get to know people from around the globe. Tutors and students are from Brazil, Russia, Kazakhstan, UK, France and other European countries. Each of them has a unique story. I am inspired and intrigued by their stories!"

Kunal Narwani

"I interned at the largest brain research institute in the Southern Hemisphere. It is very precious to intern in such a big research institute and work with professionals. I guess I could not find such opportunity on my own if not applying through this program."

Kendrick Yiu

"Our company helped part of the formula 1 racing event. I got up close with the drivers and cars, a dream come true for a Formula 1 fan like myself! It is an experience once in a lifetime. I also travelled to Portugal, UK, Italy and France. I had the best summer!"
