The Erasmus+ Programme

As per the EACEA (European Education and Culture Executive Agency) of the European Commission, *Erasmus+* is the EU's programme to support education, training, youth and sport in Europe. It has an estimated budget of €26.2 billion for the period 2021-2027, which is nearly the double of funding compared to its previous period (2014-2020).

The 2021-2027 programme places a strong focus on social inclusion, the green and digital transitions, and promoting young people's participation in democratic life.

It supports the priorities and activities set out in the European Education Area, Digital Education Action Plan and the European Skills Agenda. The programme also:

- supports the European Pillar of Social Rights
- implements the EU Youth Strategy 2019-2027
- develops the European dimension in sport

The Merging Voices Partnership

The 7th edition of the Merging Voices 2024 (MV 2024) builds upon the foundation of previous years, further strengthening cooperation with partner higher education institutions. It also seeks to expand opportunities for students with fewer resources to pursue studies in Portugal.

Through 92 scholarships, MV 2024 will support the mobility of students and academic staff both within Europe and across 17 partner countries. The MV 2024 aims to:

- Continue fostering (inter)national collaboration among participating institutions, contributing to the fulfilment of each institution's internationalization goals.
- Further increase the international visibility and recognition of the high-quality education offered by Portuguese institutions, both within and outside Europe.
- Offer students new and enriching mobility experiences beyond traditional destinations, promoting personal and academic growth.
- Continue providing academic and administrative staff formative mobility experiences that promote awareness and deepen understanding of partner institutions worldwide.

The Partner Higher Education Institutions (HEIs) of the MV 2024 are:

| | | |
|---|--------|-------------|
| Universidade Nova de Lisboa | UNL | Coordinator |
| Universidade do Algarve | UAAlg | Partner |
| Universidade de Trás-os-Montes e Alto Douro | UTAD | Partner |
| Universidade do Porto | UPORTO | Partner |

In the process of reinforcing the international visibility of the institutions, mobility flows play a decisive role. Consequently, mobility is one of these Universities' top priorities in terms of internationalization strategy. Having recognized it, the MV partnership is prepared to provide new opportunities to their students, teachers and staff. By doing it, Universities are fulfilling their basic missions: fostering the mutual enrichment, the transfer of know-how and best practices, as well as being driving forces of knowledge and contributing to the development of our society, economy and culture.

For **Undergraduate studies:**

*To check your travel distance please access here:
http://ec.europa.eu/education/tools/distance_en.htm

In the event that the assigned value is insufficient to pay for the desired trip, the scholarship holder must find other sources of funding.

The Merging Voices will provide the amount corresponding to the travel distance to the scholarship holders' arrival in Portugal or to the bank account of EU staff, as they are responsible to buy their own flight ticket, always respecting the dates of exchange established.

Application to the Project

1. Preparing the application

In the phase of preparing the application, the candidate should follow the following steps:

a) Verify the **eligibility criteria** indicated:

When applying to this project, it is crucial to:

- Ensure that you master the language of tuition or that the host institution provides support for applicants without the needed language skills for the country/course;
- Ensure that you have the necessary academic background in terms of study areas to apply to the selected activity;
- Be aware of the real cost of living at each partner institution and analyze it considering the monthly amount of the scholarship, in case of selection;
- Consider the need to adapt to different cultural realities and also to different climate conditions, in case of selection;
- Consider the need to have some financial support for the first weeks, in case of selection.

b) Read attentively the **Guidelines for Applicants.**

c) Collect all necessary information and documents to fill in the Application form.

Several documents are **mandatory**. If not uploaded in the application form, the application cannot be submitted. In case of unreadable documents, the application will be considered invalid and will not be evaluated.

d) Ensure that the **project proposal is objective and specific concerning its methodology and viability, impact and benefit, as well as the capacity of attaining the project purposes within the timeframe established by the duration of the scholarship. The lack of detailed information or objectivity will reduce the chances of success during the process of application's evaluation.**

e) Make sure that the **motivation presented in the application concerning the mobility's benefits and expected outcomes are **clear** and reflect **each one** of the options selected (maximum of 3 host universities).**

f) Once all the information is gathered and compiled in a learning/teaching/training project, the applicant should create a log in and password to be granted access to the **Application Form available on the project's website (<https://www.up.pt/mergingvoices2024/>).**

2. Online submission

To fill in the Application Form, the following steps must be considered:

1. The applicants should have a valid e-mail address and an internet connection.
2. To access the form, the applicants should create a new login in the "**Apply**" section, selecting the **type of scholarship** they want to apply to (ex: undergraduate mobility).
3. The form will open with a set of questions regarding general eligibility criteria.

Only online applications are considered eligible.

4. The applicants must answer truthfully all questions to ensure the fulfilment to all general eligibility criteria. In case one eligibility criteria is not fulfilled, the system will immediately inform the applicant through the following message: “Please verify the eligibility criteria.”
5. The applicants should then fill in the online Application Form available on the project’s website. The system will save a draft of the application every time the “**Save**” button is pressed, allowing it to be revised, edited and completed.
6. The applicants should carefully prepare and revise the application before pressing the “**Submit**” button.

After selecting the “Submit” button, it is not possible to make any additional change to the already submitted proposal. Accordingly, if you would like to make any valid changes, you must create a new register and fill in another application form.

The Application Form can be filled in only in English, and all the documents must be written in English and submitted online.

The **deadline for the submission of the online applications for the Call is indicated on the webpage of the project** (<https://www.up.pt/mergingvoices2024/>) and has as reference the Central European Time (CET). The Coordination Office will do everything possible to avoid system failures, but cannot assume any responsibility if it is not possible to submit the application in the very last minutes before the deadline. Applicants must avoid the last-minute applications to guarantee that there will be no problems in the submission of the application form. It is reminded to all candidates that **applications sent by mail, fax or e-mail will not be accepted.**

By pressing the “Submit” button, the application is closed and sent to the Coordination Office, which gives it a code. A digital certificate that contains the date and hour of the submission is issued and sent to the applicant as well as a full copy of the application. **This digital certificate does not constitute a confirmation of eligibility or of selection**, it just confirms the submission of the application.

Please include a **valid e-mail address** in your application for communication purposes. Do not include in the application form the e-mail of another colleague or friend that is also applying as the communication of results will be done exclusively by e-mail and this could generate problems in interpreting the selection results.

The applicants should only have **one valid application** at the beginning of the selection procedure. Being so, if the same applicant submits several online forms, the informatics system will automatically consider the last one as the only valid and will disregard the other applications.

3. Documents to be submitted by the applicants

The applicants should submit in section 10, together with the online application, a digital copy of several documents.
